

## **Hon'ble Union Minister of Agriculture, Shri Radha Mohan Singh visited Central Institute for Research on Goats, Makhdoom, Farah, Mathura**

Hon'ble Union Minister of Agriculture, Shri Radha Mohan Singh visited various Livestock Units, Agriculture Farm and Technology Exhibition of Central Institute for Research on Goats, Makhdoom, Farah, Mathura on 20<sup>th</sup> September, 2014. He appreciated maintenance of elite flocks of different breeds of goats and expressed his satisfaction that institute is providing such improved animals to different stakeholders for improvement of goat breeds in the country. He also appreciated different goat based technologies developed by the scientists of the institute. On this occasion he planted a tree near laboratory building complex and addressed the Scientists and all the staff of the institute. He advised to the scientists to conduct research on medicinal value of goat milk and urine and stressed on conservation and propagation of indigenous goats for the livelihood and nutritional security of rural poor people of the country. He felt the need of new regional stations of the institute in different parts of the country. A DVD on "CIRG at a Glance" was released by Hon'ble Union Agriculture Minister. Dr. Dheeraj Kumar, Director DRMR Bharatpur and Dr. S.K. Dubey Incharge, CSWCRTI, Chhalesar Agra were also present. Dr. S.K. Agarwal, Director, CIRG, Makhdoom briefed the progress and achievements accomplished by the institute. Dr. S.K. Jindal, Principal Scientist proposed vote of thanks to all the dignitaries for sparing their valuable time.
